

# Flex

Ultrasonic Washer-Disinfecter

## Load. Start. Clean. Repeat.

The Skytron Flex is an ultrasonic washer disinfecter designed specifically for orthopedic, robotic, cannulated, and non-cannulated surgical instruments.

### Cleaner

- Eliminate risks from manual cleaning
- Independent lab tested and validated
- Irrigates with fresh, clean water and detergent
- Meets AAMI Standards

### Faster

- Cleans more trays in less time with triple the capacity of standard ultrasonic washer-disinfectors
- Multi-step cycle cleans and disinfects in less than 40 minutes
- Streamlined cleaning process for efficient results

### Smarter

- One Skytron Flex is more efficient than multiple ultrasonics and washer-disinfectors
- Simplify operation with only two cycles, Cannulated and Non-Cannulated
- Innovative technology drives down costs

Ultrasonic  
Soak

Clean Water  
& Detergent  
Flush

Ozone  
Final  
Rinse

125 pound weight capacity includes up to six trays per cycle

### Differentiating Features

- Unsurpassed throughput
- Easy to use
- No proprietary trays-use what you currently have
- Fresh water used every cycle
- Cleans orthopedic, robotic, cannulated and non-cannulated instruments simultaneously

### Specifications

Dimensions	52" W x 41" D x 42" H
Weight Capacity	125 lbs
HF Output Power	2,000 watts
Frequency	40 kHz with a sweep of $\pm 2$ kHz
Washer Supply	480V/3 phase 50A, 60 Hz

# Circle of Infection Prevention Solutions

**About Skytron:** Skytron is a healthcare efficiency company specializing in capital equipment that drives performance in today's healthcare facilities.
